

**Outdoor Living**  
Collection - 2025

## A message from the CEO

For over two decades, Rattan House has been dedicated to crafting exceptional outdoor solutions designed to meet diverse needs and budgets. At the heart of our mission is a commitment to treating every client with the utmost dedication, quality, and integrity. It's the unwavering passion of our talented team—the A-people—that has kept us at the forefront of our industry.

Our journey is one of continuous innovation, where we explore and refine our designs to deliver the latest trends in outdoor furniture. We believe that every client should fall in love with their outdoor spaces as much as we do. Our commitment to style, quality, and sustainability underpins the lasting relationships we build with our clients.

At Rattan House, we invite you to live with passion and embrace the beauty of outdoor living.

*“Our commitment to sustainability drives us to innovate continually, creating furniture that not only enhances outdoor spaces but also respects the environment. We invite everyone to embrace nature, live thoughtfully, and find inspiration in the open air.”*

*Ihab Al Sheikh*

## Since 1982

Rattan House was born out of a love for the outdoors, an inspiration to think differently, and an ongoing pursuit of quality. More than 35 years and 1000 employees later, none of that changed. Rattan House was founded in 1982, working with natural material such as rattan and teak wood to create beautiful outdoor furniture.

With the passing of the years and innovation, Rattan House set out to create a new kind of woven outdoor furniture, one that combined modern technology with luxurious hand-craftsmanship. We create comfortable, practical, trendy and durable outdoor garden furniture that satisfies customer needs.

Today, Rattan House sells the highest quantity of world-class outdoor furniture collection ranging from outdoor sets, chairs dining sets, and swings in the Middle East.

Rattan House Factory was established in 2005 with the sole objective of meeting the growing demands of Rattan House Company and the need to better control the quality and outcome of our furniture. All furniture frames are made of high quality grade aluminum, which ensures the structural integrity and stability of each piece.

Made entirely from T4 and T5 aluminum structure, all our furniture is practically moved around because of its light weight; lasts for a long time because of the anti-rust element that aluminum has. Finally, as a structure, it lasts longer than any other material, as it can withstand the highest and lowest temperatures. The Synthetic fibers we use at our factory are Viro and Rehau which are skilfully woven to create our collections of luxury outdoor furniture.

We constantly upgrade the skills of our employees to meet the challenges of today's competitive business world. Complimenting an impressive range of skills and experiences, our fully trained craftsmen, staff and consultants offer an unravelling insight into the design, manufacturing and maintenance of Rattan Furniture.

In Rattan House Factory we believe that "quality comes first", therefore, the basic goal of our quality controllers is to ensure that the products, services, and manufacturing processes provided, meet specific requirements. We strive to fulfil all the needs of each customer with long-term cooperative relationships.

## OUR MATERIALS

### RATTAN

Synthetic rattan, is both durable and flexible due its high quality of synthetic fiber. This makes it an ideal resource for furniture crafting and its best used for outdoor living.

### WOOD

Wood is a beautiful way to add value to your place. Woods are often suitable for the outdoors with minimal treatment. They also tend to look good and give elegance to the place.

### ROPE

Made up from three strands, using multiple fibers, twisted rope is a good option for outdoors activities. Acrylic rope is used in our factories, which is known as the best rope quality.

### FABRIC

Our solar protected fabrics (Etilk/Citel) are manufactured in Spain to achieve an unbeatable quality, resistance and durability.

### ALUMINUM

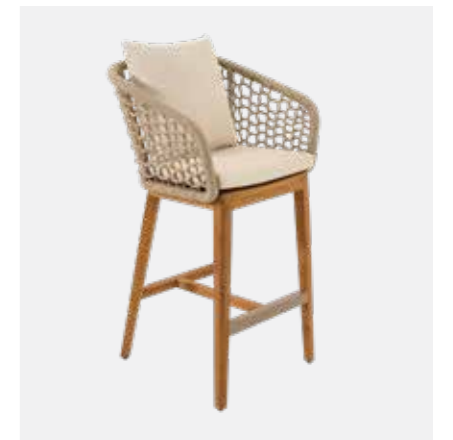

Aluminum is a popular metal for outdoor furniture. It is strong, durable, never rusts, and lasts for a lifetime. Aluminum furniture is finished with powder coating, which leads to its long-lasting quality.

# SAHARA COLLECTION

Sahara Collection, a stunning fusion of nature's beauty and contemporary design. Drawing inspiration from the mesmerising Sahara Desert, this collection encapsulates the essence of vast dunes and boundless horizons. Crafted with meticulous attention to detail, each piece evokes the desert's tranquility and timeless allure. The designers behind this remarkable collection recognised the significance of comfortable and stylish outdoor furniture in creating memorable moments with friends and family. The desire to replicate the warmth and comfort of Middle Eastern hospitality in outdoor settings led to the creation of Sahara.
